Additional Resources from Jon Krohn

Book

[Deep Learning Illustrated](#) available for pre-order on, e.g., [Amazon](#), [Barnes & Noble](#)

Studio-Recorded LiveLessons

1. Deep Learning Fundamentals, with TensorFlow
2. Deep Learning for Natural Language Processing
3. Deep Reinforcement Learning and Generative Adversarial Networks

Upcoming Live Trainings

- August 16th: [Deep Reinforcement Learning](#)
- September 12th: [Deep Learning Fundamentals](#)
- September 20th: Machine Vision
- October 1st: Deep Learning for Natural Language Processing *(tentative)*
- October 3rd: From Keras to TensorFlow *(tentative)*

Extra Resources

A page of data science and deep learning resources, including recommended textbooks, interactive demos, and data sources, is maintained at jonkrohn.com/resources.
